

Gokul Mate

About Me :

I have recently completed my Bachelor of Computer Applications (BCA) and I am now looking for a fresher-level job where I can start my career. During my studies, I learned basic computer concepts and got familiar with technologies like HTML, MS Office, and C programming. I am comfortable working with computers and interested in learning more through real job experience.

I am a quick learner, sincere, and ready to take on new challenges. I am looking for an opportunity in any IT-related or office support role where I can grow step by step.
